Tri-Cities Vein and Vascular Institute  
Esteban Ambrad-Chalela, M.D.  
761 Williams Blvd.  
Richland, WA 99354  
509-946-9707

### **Follow up ultrasound recommendations.**

#### **Carotid:**

ICA 1-15% = every 2 yrs

ICA 16-49% = yearly

ICA 50-69% = every 6 months

ICA 70-79% = Surgery

ICA 80-99% = Surgery

#### **Arterial:**

1-49% = yearly, unless claudication or rest pain symptoms increase.

50-74% = every six months, unless claudication or rest pain symptoms increase.

75-99% = Intervention recommended, or every three months, unless claudication or rest pain symptoms increase.

These are our basic guidelines for arterial disease. After the initial ultrasound, if you would like we can add your patient to our schedule based on the above mentioned recommendations.
